Description of Services

Purpose

This document presents descriptions and functions of programs of all physical health therapy services available to adults and children in the UTMB hospitals.

Audience

All members of the Rehabilitation Services Department.

Acute Care: OT, COTA, PT, PTA, Rehab Aides

The Acute Care Clinic is located at 8.120 John Sealy Annex. Treatment is delivered by occupational therapists, certified occupational therapy assistants, physical therapists, physical therapist assistants, and rehabilitation Aides assigned to this unit. Therapists assigned to this clinic provide occupational therapy and physical therapy services in this clinic, in John Sealy Towers and in the Texas Department of Criminal Justice (TDCJ) Hospital. A physician's referral is required to initiate intervention. A diverse caseload is seen in this clinic for adult inpatient evaluation, treatment, patient education and discharge planning. Primary diagnoses include: orthopedic conditions, neurology, medicine, burns, infectious disease, wound care, etc. Hours of operation are 8:00am - 5:00pm, Monday – Friday. Saturday 8:00 am-4:00pm

TDCJ: OT, PT, PTA, Rehab Aides

The Texas Department of Criminal Justice (TDCJ) Therapy Clinics (in the TDCJ Hospital) provide services for inpatient acute care of TDCJ inmates as well as outpatient follow-up care. This clinic is located on the 3rd Floor of TDCJ Hospital. Treatment is delivered by occupational therapists, physical therapists, physical therapist assistants, and rehabilitation Aides. A diverse caseload is seen in this clinic for adult inpatient evaluation, treatment, and patient education. Primary diagnoses include: medical and surgical services for orthopedics, medicine, burns, infectious disease, wound care, obstetrical and neurological disorders. Outpatient treatment consists of assessment and instruction in home programs in outpatient clinic within the TDCJ Hospital. Hours of operation are 8:00am - 5:00pm, Monday – Friday.

Description of Services, continued

University Hospital Clinics: OT	Plastics (hand clinic) hours of operation are on-call, as needed
Outpatient Services: OT, PT, PTA, Rehab Aides	Outpatient Services include regularly scheduled and walk-in patient care, and scheduled special clinics for patient education. The Outpatient Clinics include a fully equipped physical therapy treatment gym, hand therapy and splinting as well as occupational therapy treatment areas. The Brittany Bay Sports Medicine and Rehabilitation Clinic is located in League City. The Texas City Physical/Occupational Therapy clinic is located in Texas City. The Bay Colony Pediatric Clinic is located in League City and the Galveston Out-Patient Physical and Occupational Therapy clinic is located in Galveston at the Primary Care Pavilion (PCP). Treatment is delivered by occupational therapists, physical therapists, physical therapist assistants, and rehabilitation Aides. Services provided include physical therapy and/or occupational therapy evaluation, treatment and patient education. Therapy services are offered to adult and Pediatric outpatients from all medical services. Hours of operation are 8:00am – 5:00pm, Monday - Friday.
Work Programs and Work STEPS®:	The Work Program uses standardized assessment batteries and tools to determine an individual's capacity to work, and facilitates an individual's employment or re-employment. Assessment information may also be used to help determine work disability. WorkSTEPS® perform fit for duty evaluations, post-offer employment testing and F.C.E.. Work Programs and WorkSTEPS® are located on the 8th floor JSA. Hours of operation are8:00am - 5:00pm, Monday - Friday.
Pediatrics: PT,OT, COTA, Rehab Aides	A team of pediatric therapists serves infants hospitalized at UTMB, Infant Special Care Unit (ISCU), and children seen in UTMB Pediatric Clinics. The patient population ranges in age from birth to 17 years. Patients receive inpatient/outpatient physical therapy and/or occupational therapy evaluation, treatment, and patient/caregiver education for those infants and children with developmental delay, premature birth, congenital anomalies, medical orthopedic and neurological disorders. Therapists provide Seating Clinic evaluations, and ordering and fitting of specific wheelchair seating for both pediatric and adult patients. Services are provided by physical therapists, occupational therapists, certified

occupational therapy assistants and rehabilitation Aides. A strong interdisciplinary team exists to plan, deliver and review care provided. The Children's Hospital is located on the 10th floor of John Sealy Towers. The ISCU Nursery is located on the 3FL of John Sealy Annex. The out-patient pediatric clinics are located in the PCP and at Bay Colony. Hours of operation are 8:00am - 5:00pm, Monday – Friday for outpatient clinics and 8:00am – 5:00pm six (6) days/week inpatient.
