

## Surgical Services/Anesthesia/ICU Cost Management Team

The Surgical Services/ Anesthesia/ICU Cost Management Team meets monthly and its functional scope is as follows:

- Assess and approve the evaluation and/or acquisition of all new products/devices, equipment with disposables and new technology for use at in the OR, Anesthesia & ICUs at UTMB with a threshold of up to \$25,000 additional annual spend.
- Decisions are based upon review of financial data, published clinical studies and available clinical evidence
- Coordinates new product/ device/equipment introductions and evaluations
- Reviews GPO opportunities, along with other opportunities to standardize products, devices and equipment.
- Educates others on the UTMB Value Analysis Process
