Bits and Bytes

AUGUST 2013

www.utmb.edu/pediedtech

INSTRUCTIONAL TECHNOLOGY

Audience Response Systems (ARS)

Do you want to teach using our ARS (clickers)?

Follow these steps:
1. Finish your Powerpoint presentation
2. Create the question/answer set
3. Download TurningPoint 5 (Legacy version)to the computer you are using to build your presentation
4. Insert questions into the presentation

To reserve equipment, at least two weeks prior to your use, contact Schelli Gondesen. She will link you with pedi.edtech team members if you need help with the steps above or help with the on-site logistics of using the system, especially if you are also videoconferencing to distant sites.

TEACHING ABOUT THE EHR

Epic Tutorials

We have created **tutorials** for Pedi-specific tricks for practice efficiency.   Learn for yourself and be prepared to teach residents and colleagues.
- Billing for Sick Visit
- Billing for WCC , with or without modifiers
- Preference Lists
- Result Notes
- Sharing Smart Phrases
- Smartsets

Tutorials can be viewed here.

If you are interested in creating a tutorial for an Epic feature specific to your clinical area, pedi.edtech can help you, using Camtasia, an easy-to-use software which captures your mouse-moves and your voice as you move through the Epic steps.

Contact Patricia Beach or Mark Wolffarth to discuss your needs.

INFORMATION MANAGEMENT

PEDI Blackboard Courses

PEDI: Board Review
Articles, board-style questions – good for board review study, and for rotation-specific preparation. Faculty can help residents by referring them to this site, and by using board-style questions in teaching conferences.

PEDI: Circumcision
This houses instructional materials and a test residents must pass before allowed to perform the procedure.

PEDI: Communication
For interns, readings and resources for Standardized Patient encounters.

PEDI: Professionalism.
For Interns, readings and assignments for the monthly Professionalism Conversations, based on CHARACTER acronym.

PEDI: Education Conferences (*coming soon*)
Tegrity recording of Grand Rounds and Resident conferences.

If you need access to a BB course, or want to discuss building a new course, contact V. Niebuhr

PERSONAL EFFICIENCY

Migrating to Office 2010

To ease with the transition from Office 2007 to Office 2010, Microsoft provides several tutorials.
Getting Started with Office 2010
Transition to the Office Ribbon
Cool Things Office 2010 Can Do
Or contact any of the pedi.edtech team if there is something you can't figure out, and we'll problem solve this together.

What PC-Operating System Do I Need?

UTMB standard is Windows 7, not yet supporting Windows 8 . Some faculty still use Windows XP. If you are ready to upgrade to 7, contact the HelpDesk , ishelp@utmb.edu, or 409-772-5200.
