<b>Policy 10.2.1</b>	<b>Evaluation of Academic Administrators</b>	02/28/14 - Effective Council of Deans -Author

## Evaluation of Academic Administrators

### Definitions

---

**Academic Administrators** – For purposes of this policy, academic administrators includes but may not be limited to: Chief Academic Officer, Dean, Department Chair, Center Director, Institute Director and Directors of academic programs.

### Policy

---

In accordance with SACS Comprehensive Standard 3.2.10 and IHOP 10.1.3, Review of Existing Degree Programs, all academic administrators as defined in this policy will be evaluated annually by their immediate supervisor.

Additionally, an evaluation which includes input from faculty, staff, students, and where appropriate alumni, will be completed at least every six years.

An external review of an academic program, or in the case of the Dean, an external review of a School, shall suffice for this required six-year review.

University faculty who hold academic administrative positions as head of academic units, such as department chairs, program directors, and center and institute directors, serve in these successive one-year appointments at the pleasure of the dean of the school in which they hold their appointments, and the President. Deans serve at the pleasure of the President.

### Procedures

---

The President or designee shall appoint a committee to conduct a review of all academic administrators, at least every six years. This committee shall include a member of the UTMB Faculty Senate.

A written report will be provided to the academic administrator under review and to the immediate supervisor. The report will also be made available to the Chief Academic Officer, the President, and the Executive Vice Chancellor of Health Affairs of the UT System.
