The Department of Dermatology at the University of Texas Medical Branch at Galveston, Texas will be hosting a Resident Board Examination Review aimed at residents and fellows preparing for Board certifying examinations in dermatology, pathology and dermatopathology. The course objectives are to:

- Test diagnostic skills of practicing dermatologists and pathologists in dermatopathology.
- Prepare residents and fellows for Board certifying examinations in dermatology, pathology and dermatopathology.
- Develop improved diagnostic skills and knowledge in dermatopathology.

The course will consist of a practical review of over 160 glass microscopic slides (most cases have been updated with new slides and new cases added) representing a variety of inflammatory and neoplastic cutaneous pathology in a board-like examination format. Discussions with kodachromes of diagnostic criteria and differential diagnosis will follow the examination of the microscopic slides and kodachromes. The course will be held in the Allied Health Building on the UTMB campus in Galveston (see map).

Fees:
- Residents: $50.00
- In-Practice: $140.00

Registration must be received before May 15, 2014. No registrations permitted on the day of the course. Registration is required due to limited space.
