

Effective immediately, additional paths have been established for UTMB House Staff to effectively report duty hour violations. Institutionally, these resources will enable further oversight of ACGME's duty hour restrictions. House Staff can now call a toll free number or submit an email for any and all duty hour violations. These alternatives will join the current process of reporting duty hours through the [MyUTMB Evaluation System](#) where specific questions are asked at the end of each rotation.

**Confidential and anonymous (Toll Fee) number: 1-888-889-8966**

This phone line will automatically direct you to a voicemail. If you choose this option, please provide data you're comfortable with, however enough to identify the area so we can rectify.

- *name of your current training program*
  - *rotation name*
  - *rotation date range*
  - *description of the violation*
  - *additional relevant information*
- 

**Confidential Email: GME-Duty Hour Violation Notification**

This option allows you to select under *Global Address List*, the *GME - Duty Hour Violation Notification*. Again, please provide data you're comfortable with, but enough to correct.

- *name of your current training program*
- *rotation name*
- *rotation date range*
- *description of the violation*
- *additional relevant information*
