Notes:

1. Scale for last performance appraisal is as follows: CE consistently exceeds, OE occasionally exceeds, M meets, OM occasionally meets, and DNM does not meet.
2. The special performance appraisal will have a weight of 40% for new employees without historic performance appraisals.

3. Critical skills are department specific. Managers must develop a list of the top 5 critical skills needed for their department to provide adequate service to their departments' clients and determine the number of these skills possessed by their employees at the "fully competent" or higher level.
4. Veteran's preference = 5 points.
5. Length of service is a tie breaker.
6. Performance levels: 4 = Outstanding, 3 = Exceeds Expectations, 2 = Meets Expectations, 1 = Needs Improvement.
7. UTMB Values: (a) demonstrates **compassion** for all, (b) always acts with **integrity**, (c) shows **respect** to everyone, (d) embraces **diversity**, and (e) promotes excellence and innovation through **lifelong learning**.
