

Activating the Alert System

Step	Action
1	Press the panic button if there is an incident that involves risk to self, patient or others.
2	If possible notify the charge nurse and solicit help from those close to the incident.
3	Upon recognizing the signal UTMB Security will immediately send at least one officer to the unit.
4	UTMB Security will remain on the unit until there is a mutual agreement that the situation is under control.
