A false certification will be deemed a material breach of contract and, at UTMB's option, may result in termination of any resulting order, contract or agreement.

2.14 Bidder hereby certifies that neither Bidder nor any firm, corporation, partnership or institution represented by Bidder, or anyone acting for such firm, corporation or institution, has violated the antitrust laws of the State of Texas, codified in Section 15.01, et seq., Business and Commerce Code, or the Federal antitrust laws, nor communicated directly or indirectly the bid made to any competitor or any other person engaged in such line of business.

2.18 By signature hereon, Bidder certifies that in accordance with Section 2155.004, Government Code, no compensation has been received for its participation in the preparation of the requirements or specifications for this ITB. In addition, Bidder certifies that an award of a contract to Bidder will not violate Section 2155.006, Government Code, prohibiting UTMB from entering into a contract that involves financial participation by a person who, during the previous five years, has been convicted of violating federal law or assessed a penalty in a federal civil or administrative enforcement action in connection with a contract awarded by the federal government for relief, recovery, or reconstruction efforts as a result of Hurricane Rita, Hurricane Katrina, or any other disaster occurring after September 24, 2005. Pursuant to Sections 2155.004 and 2155.006, Government Code, Bidder certifies that Bidder is not ineligible to receive the award of or payments under the Contract and acknowledges that the Contract may be terminated, and payment withheld if these certifications are inaccurate.

2.21 Bidder certifies that, except for restrooms and wash rooms and one (1) or more lactation rooms each of which is segregated on the basis of sex: (1) it does not maintain or provide for its employees any segregated facilities at any of its establishments and that it does not permit its employees to perform their services at any location under its control where segregated facilities are maintained; (2) it will not maintain or provide for its employees any segregated facilities at any of its establishments; and (3) it will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. A breach of this certification is a violation of the Equal Opportunity clause. The term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, entertainment areas, and transportation or housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom, or otherwise. Bidder further agrees that, except where it has contracts prior to the award with subcontractors exceeding $10,000.00 which are not exempt from the provisions of the Equal Opportunity clause, Bidder will retain the certifications for each one of its subcontractors in Bidder’s files, and that it will forward the following notice to all proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENTS FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES - A Certification on Nonsegregated
Facilities must be submitted prior to the award of any subcontract exceeding $10,000.00 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually, or annually).

Bidder understands that the penalty for making false statements regarding the subject matters of this Section is prescribed in 18 U.S.C. 1001.

2.22 Bidder confirms that neither Bidder nor its Principals are suspended, debarred, proposed for debarment, declared ineligible, or voluntarily excluded from the award of contracts from State of Texas or United States ("U.S.") federal government procurement or non-procurement programs, or are listed in the List of Parties Excluded from Federal Procurement or Non-Procurement Programs (http://www.epis.gov/) issued by the U.S. General Services Administration. "Principals" means officers, directors, owners, partners, and persons having primary management or supervisory responsibilities within a business entity (e.g. general manager, plant manager, head of a subsidiary, division or business segment, and similar positions). Bidder will provide immediate written notification to UTMB if, at any time prior to award, Bidder learns that this certification was erroneous when submitted or has become erroneous by reason of changed circumstances. This certification is a material representation of fact upon which reliance will be placed when UTMB executes this Contract. If it is later determined that Bidder knowingly rendered an erroneous certification, in addition to the other remedies available to UTMB, UTMB may terminate this Contract for default by Bidder.

2.23 Bidder acknowledges that UTMB is prohibited by federal regulations from allowing any employee, representative, agent or subcontractor of Bidder to work on site at UTMB’s premises or facilities if that individual is not eligible to work on federal healthcare programs including Medicare, Medicaid, or other similar federal programs. Therefore, Bidder will not assign any employee, representative, agent or subcontractor that appears on the List of Excluded Individuals issued by the United States Office of the Inspector General ("OIG") to work on site at UTMB’s premises or facilities. Bidder will perform an OIG sanctions check quarterly on each of its employees, representatives, agents, and subcontractors during the time the employees, representatives, agents, or subcontractors are assigned to work on site at UTMB’s premises or facilities. Bidder acknowledges that UTMB will require immediate removal of any employee, representative, agent, or subcontractor of Bidder assigned to work at UTMB’s premises or facilities if the employee, representative, agent, or subcontractor is found to be on the OIG’s List of Excluded Individuals. The OIG’s List of Excluded Individuals may be accessed through the following Internet website:

2.24 Bidder covenants and agrees that as required by Section 2155.4441, Texas Government Code, in performing its duties and obligations under any resulting order, contract or agreement, Bidder shall purchase products and materials produced in Texas when such products and materials are available at a price and delivery time comparable to products and materials produced outside of Texas.

2.25 Bidder will and has disclosed, as part of its bid, any exceptions to the certifications stated herein. All such disclosures will be subject to administrative review and approval prior to the time UTMB makes an award or enters into any order, contract or agreement with Bidder.

2.26 Bidder agrees that Texas law authorizes institutions of higher education (defined by Section 61.003, Education Code) to use the group purchasing procurement method (ref. Sections 51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into an agreement with the successful Proposer under this RFP. In particular, Proposer should note that UTMB is part of The University of Texas System ("UT System"), which is comprised of nine academic and six health universities described at http://www.utsystem.edu/institutions. UT System institutions routinely evaluate whether an agreement resulting from a procurement conducted by one of the institutions might be suitable for
use by another, and if so, this could give rise to additional purchase volumes. As a result, in submitting its proposal in response to this RFP, Proposer should consider proposing pricing and other commercial terms that take into account such higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP.

2.27 Effective January 1, 2010, the University of Texas System institutions, including UTMB, must comply with the "Disclosure of Interested Parties" requirements mandated by H.B. 295, as implemented by the Texas Ethics Commission. Briefly stated, Contracts for goods or services exceeding $1 million may not be executed by UTMB until the Awarded Vendor presents a signed and notarized form disclosing interested parties to the Contract. The filing application and information can be accessed at: https://www.ethics.state.tx.us/tec/1295-Info.htm
